

CEPHE SİSTEMLERİ
SKY 52 - 90

Skylight sistemidir. Çelik üzerine monte edilir. PVC İzolatörleri sayesinde yüksek ısı yalıtım ve hava-su geçirimsizliği performansı sunar.

Epdm contalar birbirinin üzerine geçerek oluşturulan sistemde su alma riski ortadan kaldırılmıştır.

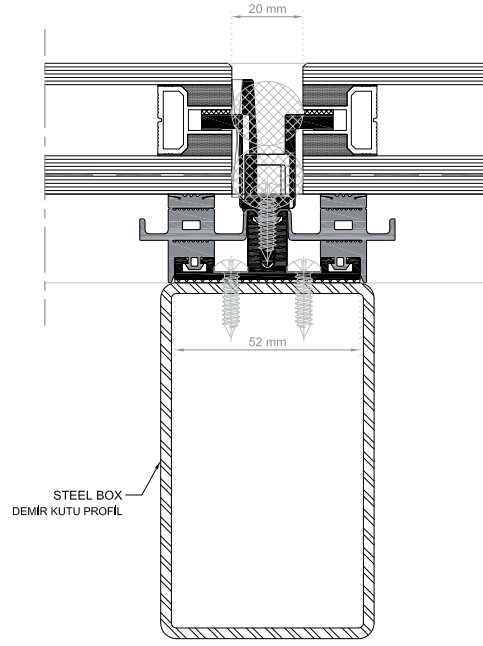

It's a skylight system mounted on the steel. Thanks to the PVC isolators, it provides better performance at thermal insulation and water tightness.

The system is generated by overlapped EPDM gaskets which eliminates water flooding.
